Matt Gaetz Awarded Commendation from The Political Order of THE PARTY FOR WAR ON EVIL

Colorado, February 6, 2021: The Anarchy-X Cabal of POEE announced today that The Political Order of THE PARTY FOR WAR ON EVIL has awarded Congressman Matthew L. Gaetz II (R, FL) a prestigious Commendation. This award is being presented to Mr. Gaetz for his unwavering support for twice-impeached, one-term, former US President Donald J. Trump. Recognizing his “Cult-Like Devotion Above Party and Country” the Anarchy-X Cabal hopes to bring attention to Mr. Gaetz’s alleged efforts at undermining not only the Rule-of-Law but democratic norms as well.

Ignoring a raging pandemic during which millions of people in the US are losing health insurance, growing wealth inequality, high unemployment, institutional racism, and climate change that will directly affect his home state of Florida in a significant and harmful way, Mr. Gaetz said in an interview, “I view this cancellation of the Trump presidency and the Trump movement as one of the major risks to my people.”

With 25-times-accused-of-sexual-misconduct, white supremacist-sympathizing, former US President Trump losing his legal team very recently Mr. Gaetz spoke to his willingness to upend his own life to step into the role of legal defense for the embattled former US President, “If the president called me and wanted me to go defend him on the floor of the Senate that would be the top priority in my life. I would leave my house seat, I would leave my home, I would do anything I had to do.”

Episkopos X, the head of the Anarchy-X Cabal, spoke of Mr. Gaetz when signing the Commendation saying, “Truly, this level of devotion – which could potentially damage his own standing within and the state of his own political party, not to mention damage the country’s adherence to the Rule-of-Law by suggesting that a former President should be immune to prosecution or even investigation into his conduct during the last weeks of his presidency – is astounding. To award him this Commendation was an easy decision.”

Mr. Gaetz’s award is being officially presented one month after insurgents assaulted the US Capitol building in an attempt to possibly delay, halt, or overturn the 2020 presidential election certification process. Former President Trump is accused of inciting this seditious insurrection.
